Dear Rick,

Not sure if you were on this distribution list but wanted to pass this along. I was happy to hear that you are planning to contact Keith regarding the opportunities for EPA OPP participation in the course.

Best regards,  
Laura

**Subject:** Introduction to Regulatory Science in Agriculture

All, just a quick reminder that Introduction to Regulatory Science in Agriculture will be held for the second time this Fall semester, starting on August 14. The course has both face-to-face and distance education options and is open to non-degree, as well as degree-seeking students. See the attached flier for more information. There is still time for you and/or your colleagues to register.

Best wishes,

Deborah
